Elliott & Joyce have been very successful over the past 9 years in developing what has become a popular concept in Real Estate, "A Team". It allows us the opportunity to assist our clients in ways that would otherwise be an extreme challenge. Being in more than one place at a time allows our clients to live their own lives while the everyday chores of buying and selling are taken care of by two professional and caring Realtors. Our sales have totaled over \$80,000,000. Our success is a direct reflection of our knowledge of the market, our ability to negotiate and our dedication to our clients. Happy House Hunting.
